CO₂-Neutrality & the "CO₂ NEUTRAL" label are reviewed and validated by Vinçotte, an independent international certifying authority. Through in-depth audits, Vinçotte controls the implementation of the CO2logic approach: calculate, reduce & offset CO₂ emissions. All CO₂-NEUTRAL companies, organisations, entities, services or products must undergo the same approach in order to achieve any "CO₂ NEUTRAL" status. This approach is in line with the PAS2060, the international standard for CO₂ neutrality by the British Standard Institute (BSI).
